Personal Profile

I am a skilled software developer with 3.5 years of experience in building and maintaining robust web applications. My expertise includes Angular, React, Nodejs, MongoDB, Python, and Azure, enabling me to deliver scalable, high-performance solutions. I specialize in developing end-to-end applications, integrating cloud services, and optimizing front-end and back-end workflows.

Skills

- Programming** Nodejs, JavaScript, TypeScript, Python, Java, C/C++, HTML/CSS, MongoDB, SQL.
- Miscellaneous** React, Angular, Redux, Express, Go, Bootstrap, Web scraping, Azure, AWS, Cypress, Socket.io, Data Structures and Algorithms, CI/CD pipelines, SonarQube, Firebase, Git.

Work Experience

TATA Consultancy Services

Kolkata, India

Software Developer

Aug 2021 - Current

- Software Developer with expertise in client-side and server-side architecture, creating responsive, efficient applications for desktop and mobile.
- Led an e-commerce project from conception to delivery, conducted competitive analysis, collaborated with cross-functional teams, and designed innovative, scalable solutions using the latest technologies, industry standards, and emerging trends.
- Contributed to Agile development, collaborating with product management and customers to prioritize features and deliver quality solutions.
- Participated in code reviews, providing constructive feedback to ensure code quality and adherence to best practices.
- Developed and maintained high-quality software solutions using React, Nodejs and Express .
- Authored and maintained technical workflows to ensure streamlined processes, efficient collaboration, and clear documentation for the team.
- Designed and integrated effective REST web services using AJAX for seamless data flow between systems.
- Implemented code quality and security analysis using SonarQube to ensure maintainable and secure applications.
- Technical Skills:** React, Angular, JavaScript, Python, Java, MySQL, MongoDB, Nodejs, XML, JSON, HTML/CSS, Git, Azure.
- Soft Skills:** Teamwork, Time Management, Communication, Presentation skills.

Projects

NoteXchange

Nov 2024 - Dec 2024

<https://notexchange.vercel.app/>

- Developed a notebook web app designed to assist users in memorizing information effectively by allowing them to take and organize notes.
- Implemented MERN stack to manage the entire end-to-end workflow of the project.
- Incorporated multiple RESTful APIs using Express and implemented encryption to securely store details.
- Designed and implemented a NoSQL database on MongoDB cluster to deploy the database, facilitating centralized storage for user data.
- Technology Stack:** React, MongoDB, Express, Redux, Nodejs, Git, Vercel, MongoDB clusters.

GraphifyExcel

May 2024 - Jul 2024

Personal project

- Transformed Excel into dynamic graphs using Matplotlib for enhanced data visualization and analysis.
- Employed Python Pandas for comprehensive and efficient data processing, analysis, and manipulation tasks.
- Technology Stack:** Python with Pandas, Matplotlib, spaCy, Jupyter Notebooks.

Education

SASTRA University,

Thanjavur, India

Master's in Computer Application

Jan 2022 - Feb 2024

- Master's Degree in Computer application with a **CGPA of 8.9** (on a scale of 10).

The Calcutta Anglo Gujarati College

Kolkata, India

Bachelor's in Computer Application

Aug 2018 - Jul 2021

- Bachelor's Degree in Computer application with a **CGPA of 8** (on a scale of 10).

Achievements and Certifications

2024 **Microsoft Certified - Azure Developer Associate**, Obtained certification from Microsoft

India

2022 **React Frontend Developer Certificate**, Earned from Edureka

India
